A beginner who recognises letters in isolation may still need help when the same letters join. Ask **online Quran tuition UK** the tutor to listen to a short example before choosing a goal. A useful first target might be recognising a familiar shape in several positions. Revisit the target with a fresh example at the next lesson so the learner can see https://education.clickdo.co.uk/online-quran-tuition-launches-new-online-islamic-studies-childrens-course/ what has become easier.
