

Landscape Lighting Installation for Ogden Properties The right lighting can change how a property reads after dark, and Liberty Hill Landscapes designs landscape lighting that highlights walkways, architectural features, and plantings while adding a layer of security around the home. Design starts with a walk of the property to identify focal points, whether that is a mature tree, a stone pathway, or the front entry, and fixtures are placed to create depth rather than just flooding the yard with light. Because the same crew handles installation and wiring, homeowners avoid coordinating between an electrician and a landscaper, which keeps the project simpler and the timeline shorter.

Liberty Hill Landscapes | 2664 West 2725 North, Ogden, Utah 84404 | 385-424-8743

One reviewer described the experience with the crew as easy and comfortable from the first conversation, which matters on a project that involves walking through personal taste in lighting and design. That same reviewer said Ben was very concerned about not damaging the property while working, a detail that speaks to how the crew approaches every job. Beyond the landscape [landscaper ogden](#) lighting work itself, a few things set Liberty Hill Landscapes apart for Ogden area clients, and most of it comes down to how the company is actually built and run day to day. Reviews currently average a full 5.0 out of 5 stars, with clients specifically pointing to communication, pricing, and follow-through as the reasons they keep coming back for additional projects down the line. Weber County has seen years of steady new subdivision growth, and the company has fielded a steady stream of new construction landscaping requests as a result, most starting with the same grading and drainage conversation before any sod or planting begins. It is a track record that shows up consistently across the company's Weber, Davis, and Morgan County client base. One commercial and holiday lighting client called the company top of the line in customer service, specifically praising how the crew keeps clients updated while the work is actually happening. There is also a practical, company-wide layer behind how landscape lighting projects actually get scheduled and delivered from start to finish. The company's official service area spans **Liberty Hill Landscapes** nineteen communities across Weber, Davis, and Morgan Counties, including Ogden, North Ogden, South Ogden, Roy, Willard, Layton, Farmington, Kaysville, Syracuse, Clearfield, Clinton, Bountiful, Centerville, Woods Cross, North Salt Lake, Hooper, Eden, Hill AFB, and Morgan County. The company was founded in 2023 and has grown its client base one project and one referral at a time across Weber, Davis, and Morgan Counties, rather than leaning on national advertising to bring in work. That mix of consistency and hands-on local knowledge is exactly what most homeowners and property managers are actually weighing when they compare one landscaping company against another. Call 385-424-8743 to schedule a landscape lighting consultation and see the property transformed after sunset.
