For many years, the *Big Bass* series by Pragmatic Play (in partnership with Reel Kingdom) has actually dominated the fishing-themed slot genre. Nevertheless, with the release of **Big Bass Crash**, the developers took a massive pivot, stepping away from conventional reels and paylines to welcome the hectic, high-stakes world of crash betting.

### What is Big Bass Crash?

At its core, **Big Bass Crash** is not a basic fruit machine. Instead, it belongs to the "burst" or "crash" game category popularized by titles like *Aviator* and *Spaceman*. There are no reels, no scatter signs, and no paylines.

Instead, the game includes a central character-- the familiar bearded fisherman-- venturing out onto the water in his boat. As the boat moves on, a multiplier starts ticking up from 1.00 x. The objective is basic: **money out your jackpots before the boat crashes or the net breaks**. If you cash out in time, you win your stake multiplied by the existing worth. If you wait too long and the game "crashes," the bet is lost.
