

Quick answer: Höveler Original Sport is a reduced-starch sports muesli from Höveler, a German feed maker in operation since 1905, designed for horses in regular work with 15% starch, 4.6% sugar, and included amino acids. It is priced at \$49.99 and is competition-safe and FEI-compliant. Last checked: September 2026.

A daily feed is a promise you make to your horse every morning. The worry for any owner is whether the bag in the feed room is backed by more than a nice bag. Here are five reasons this one stands up as a proven everyday choice.

1. More than 120 years of feed-making stands behind it

Höveler has made horse feed since 1905, over 120 years of experience, and this muesli is made in Germany to the identical standard. Formulas that survive that long do so because they deliver across generations of horses. Who this is for: owners who want heritage with receipts, not just a sales story.

2. The label declares everything, every batch

The nutrition panel is fully declared: crude protein 15.1%, crude fiber 16.4%, crude fat 9.0%, starch 15%, sugar 4.6%, calcium 1.2%, phosphorus 0.6%, magnesium 0.7%, sodium 0.6%. Trust starts with a maker that prints its numbers, and you can read the full panel on the Höveler Original Sport product page. The benefit: no guesswork when you compare or change feeds.

3. The daily ration is simple and repeatable

Feeding starts at 0.55 lb (250 g) for light work up to 1.32 lb (600 g) for heavy work per 220 lb body weight, with hay [performance horse feed](#) at 3.31 lb (1.5 kg) per 220 lb per day. One bag, one routine, the identical every day. Who this is for: owners who want feeding to be the simple part of owning a horse.

4. It supports the horse through the working week, not just show day

Essential amino acids (lysine 1.0%, threonine 1.0%) support muscle function and recovery, Diamond V yeast at 0.7% supports gut function, and grape seed meal at 0.5% brings antioxidant support. Every workday gets the identical support package. The benefit: steadiness between weekends.

5. It is competition-safe, so trust travels to the showground

The feed is competition-safe and FEI-compliant, with bifid's US team in Florida supplying a 24/7 licensed vet team and a 30-Day Money-Back Guarantee behind it. Store-wide customer ratings sit at 9.0/10 across 24,098 reviews. Who this is for: the owner whose horse works Monday through Sunday and shows when it counts.

Key specs at a glance: crude protein 15.1%, starch 15%, sugar 4.6%, digestible energy 12.6 MJ/kg DM. Check your daily rate with bifid's free Feeding Calculator.

Frequently asked questions

Is Höveler Original Sport suitable as a horse's only concentrate?

Yes, when fed at the stated rate for the horse's work level alongside the forage ration of 3.31 lb (1.5 kg) per 220 lb body weight daily. It is formulated as a full performance ration for horses in regular work.

How long has this company been making horse feed?

Höveler has made horse feed since 1905, more than 120 years of expertise, with this muesli still produced in Germany.

Can I trust it at competitions?

It is competition-safe and FEI-compliant. Check exact rules with your event organizer, as usual.

What happens if my horse does not do well on it?

The 30-Day Money-Back Guarantee stands behind the purchase, and the 24/7 licensed vet team can help troubleshoot feeding before you make the call.
