

Looking for a **Bitget App Referral Code** before creating your account? The **Bitget Referral Code "SAVE40"** can be used by eligible new users to access available referral promotions. Depending on the current campaign, users may receive trading fee savings and have an opportunity to qualify for rewards of up to **6,200 USDT**.

What Is Bitget Referral Code SAVE40?

SAVE40 is a referral code that eligible new users can enter during the Bitget account registration process. Using the code may connect a new account with promotional benefits available through the applicable referral campaign.

The exact benefits can vary depending on the campaign, account eligibility, region, and other promotional conditions. Users should review the current offer before completing registration.

Bitget SAVE40 Referral Code Benefits

Eligible new users who apply **SAVE40** may be able to access several promotional benefits. Depending on the active campaign, these may include:

- Potential savings on eligible trading fees.
- Access to applicable Bitget new-user promotions.
- Opportunity to qualify for rewards of up to **6,200 USDT**.
- Referral benefits linked to eligible new accounts.
- Easy application during the signup process.

How to Apply Bitget Referral Code SAVE40

Using the **Bitget App Referral Code "SAVE40"** is generally straightforward. New users can follow these steps:

1. Open the Bitget website or mobile application.
2. Select the option to create a new account.
3. Enter the required registration details.
4. Enter **SAVE40** in the referral or invitation code field.
5. Complete any required account verification.
6. Review the promotional benefits available to your account.
7. Complete qualifying activities if required to unlock rewards.

If the referral field is shown during registration, make sure **SAVE40** is entered correctly before completing signup when the applicable promotion requires the referral code to be applied.

Save on Bitget Trading Fees

Trading fees can add to the overall cost of cryptocurrency transactions, particularly for active traders. The **Bitget Referral Code SAVE40** may provide eligible new users **Bitget Welcome Rewards** with access to promotional trading fee savings under the applicable campaign.

The exact fee discount, eligible trading products, and duration of any promotional benefit can vary. Check the latest Bitget fee information and campaign terms before trading.

How to Qualify for Up to 6,200 USDT

Eligible new users may have an opportunity to participate in promotional campaigns offering rewards of up to **6,200 USDT**. The maximum reward depends on the applicable campaign and the completion of its qualifying requirements.

Depending on the promotion, users may need to complete activities such as qualifying deposits, trading volume requirements, or specific promotional tasks. The maximum reward is not guaranteed to every participant.

Who Can Use the SAVE40 Code?

The **SAVE40 Bitget Referral Code** is intended for users who meet the eligibility requirements of the applicable referral promotion. New users should check the current campaign conditions before registering.

Existing Bitget users may not qualify for new-user referral benefits. Eligibility can also vary according to location, account status, and campaign availability.

Why Use SAVE40 When Joining Bitget?

Applying a referral code during registration gives eligible users an opportunity to access promotional benefits from the beginning. Potential trading fee savings can be useful for users who plan to make regular cryptocurrency transactions.

Eligible users may also have an opportunity to participate in reward campaigns after completing the activities required by the current promotion.

Important Information

Bitget referral promotions are subject to terms and conditions. Trading fee discounts, reward amounts, qualifying activities, eligibility rules, and campaign periods may change. The advertised maximum of **6,200 USDT** should therefore be considered a potential maximum rather than a guaranteed payout.

Cryptocurrency trading involves financial risk, and digital asset prices can fluctuate significantly. Users should understand the risks involved and review *Bitget* the applicable Bitget terms before depositing funds or trading.

Conclusion

The **Bitget App Referral Code "SAVE40"** can be a useful option for eligible new users who want to explore available Bitget referral benefits. Depending on the active campaign, users may access trading fee savings and have an opportunity to qualify for rewards of up to **6,200 USDT**.

If you are planning to create a new Bitget account, enter **SAVE40** during registration when the referral field is available. After signup, review the current promotional requirements and complete any qualifying activities needed to access the benefits available to your account.
