The theme stays loyal to the renowned fishing aesthetic. Gamers see an angler set sail on his boat, casting his internet into the water. As the net comes down, a multiplier starts to tick up-- beginning at 1.00 x and climbing up higher by the second. The objective is basic: squander your winnings before the net gets snagged, the line breaks, or the boat crashes. If you squander in time, you increase your stake. If you wait too long and the crash takes place, the bet is lost.
