What is the Big Bass Crash Game?

Unlike standard slot machines where gamers spin reels and await matching signs, Big Bass Crash is a **multiplier-curve game** (typically described just as a "crash game").

In this format, gamers position a wager before a round begins. As soon as the round begins, a visual graphic takes off-- in this case, the intrepid fisherman speeding across the water in his boat. As [online big bass gambling](#) the boat travels even more, an on-screen multiplier climbs higher and greater, beginning at 1.00 x and theoretically reaching infinity (though capped at a maximum win limitation).
