

With a 4.9-star rating from over 238 verified Google reviews, LVL Music Academy is one of the highest-rated violin shops and music academies in Singapore. The reviews come from students, parents, and players across the island who have experienced the shop's instruments, luthier services, and teaching programme first-hand. The content of LVL's reviews is consistently specific and personal, which is a strong indicator of genuine customer experiences rather than generic feedback. Customers mention Alan Senejani by name, praise the quality of his repair work, and describe the experience of buying an instrument from the shop as educational and comfortable rather than pressured. Janice is equally praised for her teaching and her ability to match students with the right teacher for their learning style and goals. For prospective customers who are comparing violin shops in Singapore, the volume and quality of LVL's reviews provide meaningful [used violin Singapore](#) assurance that the experience they are likely to have will match what others describe. A 4.9-star average across more than 238 reviews is difficult to achieve without consistent, genuine excellence in every aspect of the business.
