5. Security and Fairness

5.1 Blockchain Transparency

Each bet put on NCC is tape-recorded on a public ledger. The **provably fair** system uses a **hash-seed** methodology: the casino server generates a seed, hashes it, and sends it to the player before a video game round. After the round, the gamer can validate the outcome by re-hashing the seed, ensuring that neither party can manipulate the result.

5.2 Cold Storage & Hot Wallet Management

NCC uses a **cold wallet** method for the majority of its crypto reserves, keeping them offline to protect versus hacks. Just a small portion of funds-- adequate to cover immediate withdrawal requests-- resides in hot wallets, which are kept an eye on by an automatic **security-operations center** that triggers informs on suspicious activity.

5.3 Licensing & Regulation The platform holds a Curacao e-Gaming License, a requirement for crypto gambling sites, and goes through quarterly **第三方** audits to verify financial stability and fair play. Furthermore, NCC partners with GamCare for problem-gambling support, showing a commitment to responsible video gaming.
